Little, the eight-year-old daughter of Mr. and Mrs. Vincent Maggiorie, was struck and killed by a car on the Plank Road, near the intersection of the road and the canal, when the car crossed the road in front of her on Friday afternoon.

The car, a 1928 Buick, was driven by William J. Turk, a neighbor, who was driving to the canal. The car was struck by the girl as she was crossing the road. The car was driven into the canal and the girl was killed.

The funeral of the girl will be held from the late home Monday morning at 8:30 o'clock and at 9 o'clock at St. Joseph's Church where Mass of the Angels will be celebrated. Interment in St. Mary's cemetery.

## RESIDENTIAL PARTY AT HOOVER FISHING PRESERVE

Madison, Virginia, July 6 (AP).—The residential party of seven was held today from the cares and stress of administration duties at the Hoover fishing preserve in the Blue Ridge mountains near here, after their hard drive yesterday over the new road from Washington.

With the President were Mrs. Hoover and their son, Herbert, Jr., Mr. Vernon Kellogg, permanent secretary of the National Research Council, and Mark Sullivan and William Hard, news writers. They expect to return to the capital late tomorrow.

The party was led into the mountains by Mrs. Hoover and her son, who drove alone in her car to the site where the narrow trail to the camp branches off from the highway. There the whole party assembled and transferred to small cars, completed the trip.

## MISS BURRETT INJURED IN COLLISION OF AUTOS

A Ford coupe driven by Virginia Burrett of Davenport Center and a Buick car driven by Arthur Frasier of Alhambra were in collision near Alhambra Friday afternoon. Miss Burrett was slightly injured and was treated at the office of Dr. Gross at Phenicia. Miss Burrett was proceeding east and the Buick was coming from the Foodland Valley road. Frasier is employed by the Ramapo Finishing Corporation.

## MAN FOUND DEAD WITH GAS TUBE IN MOUTH

Charles H. Herman, 58, of Poughkeepsie, was found dead in the basement of the house at 53 Noxon street, that city, where he made his home with his two small children, with a gas tube in his mouth. The body was found Friday morning by Mrs. Matilda Velie, with whom he boarded. Efforts to revive him from the effects of inhaling gas proved futile.

## Rioting Renewed In New Orleans

Striking Street Car Workers and Sympathizers Clash With Police in Making Operation of Cars—Two Dead and Hundreds Injured.

New Orleans, July 6 (AP).—Three street cars were burned at the Canal street barn early today in addition to one destroyed at the foot of Canal street yesterday. Other cars sent out on the lines were practically demolished by rocks before the city council instructed that all attempts at operating cars be halted during the carmen's strike.

Police riot guns, tear bombs and high pressure streams of water were used to quell disturbances and interrupt the almost continuous stoning of railway premises by union sympathizers in the crowd of several thousand. Police warned the union men that they would take their lives in their hands if they sought to force entrance into the barns.

The city council had before it today threats to call out the Building and Metal Trades council members in sympathy with the strikers. "We are not going to stand for public service importing strike breakers," declared William Ruth, President of the Trades Union Council, in his challenge to the city council. The strike up to today has claimed its toll of two dead and hundreds of injured in addition to destruction of property.

The strike started July 1 over renewal of a three-year contract and grew to menacing proportions with an effort by public service to operate street cars with crews of outsiders. The union claimed the contract denied it a voice in arbitration of suspension and dismissals.

Council Offers to Mediate.

The City Commission Council stepped in today to seek negotiations between the railway company and the 1,500 or more striking union workmen and offered to mediate.

What became of a special train of six cars of imported workmen public service brought into the outskirts of the city last night remained a mystery. It was believed they were unloaded secretly at some outlying location to be spirited into the car barns in order to avoid a brickbat welcome prepared for their arrival by a howling mob that congregated at the Canal street car barns and staged all-night demonstrations.

## Three Autos Crash Occupants Hurt

A Packard car driven by Herman Rodner of Passaic, N. J., and occupied by three persons was traveling toward Kingston Friday afternoon when between Phenicia and Alhambra it came in collision with a Pontiac car traveling west. The collision took place near a culvert.

In the Pontiac car was Irving Fyrkin of New York city and three children. When the Packard and Pontiac cars came together an Oldsmobile car of Henry Gifford of New Berlin, N. Y., was following the Packard car and was unable to stop. All three cars were badly wrecked and Mr. and Mrs. Gifford were taken to the Kingston Hospital where they were treated.

Several of the others involved in the accidents were treated by a physician at the scene for minor injuries and others were cared for by Dr. Gross at Phenicia.

## 30 Days For Not Reporting Mishap

John Duffy, who was arrested at Highland for leaving the scene of an accident when a five-year-old girl named Thorne was injured on Thursday, was taken before Justice of the Peace Harold A. Lent Friday. He was also charged with operating the car without a license. A fine of \$10 was imposed on the latter charge, and Duffy was sent to jail for 30 days for leaving the scene of the accident without reporting it. While serving the time in jail an investigation will be made as to whether he owned the Packard car or whether it belonged to other parties.

## CITIZENSHIP BY RADIO

Chicago, July 6 (AP).—Permission to obtain final citizenship papers by radio was asked in a radiogram yesterday from Commander Richard E. Byrd, applying for his radio operator, Carl O. Petersen.

The message was to United States District Clerk Charles M. Bates. Commander Byrd, who with his expedition is near the south pole, suggested he might administer the oath of allegiance to Petersen as an officer of the United States Navy. He explained Petersen is seeking a commission as a reserve officer in the United States Air Corps where he is now serving as a sergeant.

## British Monarchs 36 Years Married

Felicitations of Subjects Upon King's Recovery from Recent Illness Supplemented by Plans for Special Service of Thanksgiving on Sunday.

London, July 6 (AP).—Today King George and Queen Mary received felicitations on the 36th anniversary of their marriage. Tomorrow both will join with Britain's millions in a thanksgiving service for his recovery from his recent serious illness.

The King and Queen, in simple morning dress, will go by open carriage tomorrow to Westminster Abbey where a special thanksgiving service—postponed once before when His Majesty suffered a relapse—has been arranged.

Aside from a few reserved seats for the royal family, members of the diplomatic corps, and others, the church will be open to the public. Not more than a few hundred will be able to find admission even then, a fact which has led the King to ask that all worship with him at their own churches.

The entire ceremony will be comparatively brief.

King George and Queen Mary were married July 6, 1893. He was then Duke of York, newly attained to the succession through death of his elder brother, the Duke of Clarence. He was only 26 years old at the time.

George had been assigned to the royal navy when the Duke of Clarence died, leaving as his betrothed Princess Mary Victoria of Teck, known popularly as "Princess May." Twelve months after the Duke's death her betrothal to George was announced.

## Germans Eligible For Scholarships

Rhodes Scholarships of Oxford University May Again Be Held by German Students—Full Restoration Being Considered.

Oxford, England, July 6 (AP).—German students have been restored to the list of those eligible for the famous Rhodes scholarships of Oxford University.

The restoration is not on the full basis that existed before the war, but for two scholarships annually, tenable for two years, permitting four German scholars at Oxford constantly.

Announcement of the action was made by Stanley Baldwin, former premier, at a dinner at new Rhodes House last night honoring the 25th anniversary of the founding of the scholarships. He said it had been decided upon by the trustees, subject to approval of the University authorities.

The Prince of Wales was present and in his toast to the Rhodes scholars said: "I am delighted to hear the trustees are going to renew German scholarships."

"We welcome the Germans back most heartily," he said. "There will be found on the rolls of honor of the University the names of the German Rhodes scholars who fell in the war, which shows that this foundation is not based on any narrow racial feeling and that its ideals are those which all may follow forgetful of past enmities."

It was pointed out that out of 57 German Rhodes scholars ten were killed in the World War, one of these being the son of Chancellor Von Bethmann. However, their names are all inscribed on the roll of honor in the New Rhodes House.

Mr. Baldwin said the board had considered the full restoration of the German rights, considering it wise in the interests of peace. They had been deterred by the difficulty of withdrawing any allotment which had been made to the British Dominions since 1916, and by the crowded condition of the school. New funds would be necessary before full restoration was possible, he said.

## Orphans Guests At the Carnival

About 160 of the orphans of the Sacred Heart Orphanage at West Park were the guests this afternoon of the West Shows and the Excelsior Hose Company at the carnival on the exposition grounds, just over the Washington avenue viaduct. The guests were entertained in the various shows and on the rides and were presented with ice cream sandwiches, cake and candy. They had a most enjoyable afternoon. Through the courtesy of Kingston Council, Knights of Columbus, and Kingston Lodge of Elks busses were furnished to convey the children to and from the orphanage.

## LeRoy O'Brien Is Grand Prize Baby Winner

The Grand Prize Baby of Ulster county is LeRoy Wesley O'Brien, 10 months old son of Mr. and Mrs. Wesley O'Brien of Glenford, N. Y. LeRoy was presented with fifty dollars in gold, the grand prize loving cup, presented through the compliments of Rose & Gorman Department Store, a baby dress from the London Juvenile Shop and several other gifts including a quart of milk daily for thirty days through the courtesy of the Babcock Farms.

The second prize winner was Josephine Weider, 11 months old daughter of Mr. and Mrs. Joseph Clark Weider of 213 North street. Little Josephine received the second grand prize loving cup, and an order on the Babcock Dairy for milk for two weeks. The third winner was Roberta Jean Snyder, 36 months old daughter of Mr. and Mrs. Earl C. Snyder, of 84 Johnston avenue. She received the third prize loving cup and an order on the Babcock Dairy farms for milk. The fourth winner was Mervin DeGraff, 21 months old son of Mr. and Mrs. Orrin DeGraff of 40 Grand street. He received the fourth prize loving cup and other gifts.

The second prize loving cup was donated by the Van Wagenen Department Store, and the third prize loving cup from Schwenk Baking Company.

The Most Beautiful Baby in Ulster county was chosen today by a committee of judges composed of Bernard A. Callerton, Charles J. Mullen and James H. Betts. This baby was William Richard Richter, 18 months old son of Mr. and Mrs. O. E. Richter of 24 Clinton avenue.

## Storms Kill 24 in Central Europe

Hundreds Injured and Widespread Damage Reported—Growing Crops Destroyed and Railroad Traffic Interrupted.

London, July 6 (AP).—Central Europe dug itself out today from debris of a series of storms which yesterday swept down from southeastern Germany, killing 28 persons and injuring hundreds in Czechoslovakia, Austria, Yugoslavia, Germany and Switzerland.

The storms, which at times reached hurricane intensity and exceeded 100 miles an hour velocity, did widespread damage, totally destroying growing crops in some districts, tearing down telegraph and telephone wires, and interrupting railroad traffic.

The disturbances began in Germany as hail storms tore down through Bohemia and Moravia, and swinging westward, turned into Austria. Here the storms divided, one section sweeping south through Yugoslavia and another continuing westward into Switzerland.

The wind reached a velocity of 100 miles an hour in Austria, interrupting shipping on the lakes and in the Danube, and maintained an average of 75 miles an hour. It was particularly violent near Nuremberg, Germany, where one peasant was killed, thousands of windows were smashed by hail, and many homes were partially destroyed.

Ten persons were killed at Zenica, Yugoslavia, when the river Rona, whipped by the tornado, flooded a cottage in which a number of peasants had sought shelter. Seven persons were killed in Bohemia and Moravia, and ten more in Austria.

Hundreds were injured along the path of the storms by falling walls, uprooted trees and flying debris. There were the usual number of freaks. In one village, Onozim, Moravia, the wind wrecked the cemetery and exposed coffins in the ground. At Pardubice, Bohemia, a passenger alighting from train was blown under the wheels of a coach and was killed when the train started.

## A Diphtheria Clinic Monday

Another of the free series of diphtheria clinics will be held Monday afternoon from 3 to 4 o'clock at the board of health office in the city hall. The clinic last week was largely attended and a number of children received their first injection of toxin antitoxin. Since the inauguration of these series of free clinics no child who has been immunized had been stricken with diphtheria in the city.

## Farm Board Will Start Work July 15

Five Members Have Accepted Places and Offers Have Been Made to Fill Three Vacancies—Not to Wait for Senate Confirmation.

Washington, July 6 (AP).—Confident that the federal farm board membership will be rounded out next week, President Hoover has decided to start it July 15 on its effort to stabilize agriculture.

The first meeting, which probably will take place in the White House, will precede the reconvening of the senate by more than a month, but in view of the desire of the administration to have the board functioning in time to relieve the situation affecting this year's crops, the members will go ahead under recess appointments instead of waiting for confirmations.

Five of the members to be appointed already have accepted places on the board, and offers have been made to fill the three vacancies. The president expects to have acceptances for all of these appointments within a few days and the full membership of nine, including the secretary of agriculture serving ex officio, on hand a week from Monday.

As in the case of the president's law enforcement commission, he is expected to address the initial meeting briefly, emphasizing the importance he attaches to the board's undertaking. It will then be ready to organize, with Alexander H. Legge, president of the International Harvester Company, as chairman, and to start its work with a fund of \$1,500,000 available for administrative expenses and \$150,000,000 of its \$500,000,000 fund at hand for immediate stabilization operations.

Most if not all of the \$150,000,000 is expected to go into an effort to relieve the wheat situation.

## Poincare Firm For Ratification

French Cabinet Stands With Premier's Demand for Ratification of American and British Debt Accords Without Qualification.

Paris, July 6 (AP).—The French cabinet, meeting again today in special session, stood firmly upon Premier Poincare's decision that ratification of the American and British debt accords must be unqualified. Any reservations must be expressed separately. The ministry was unanimous in its attitude.

There was considerable conjecture today as to what lay ahead of the ministry when Parliament reconvenes Tuesday. Only the astuteness of its chief, Premier Raymond Poincare, permitted it to survive the week end.

The premier yesterday merely averted an immediate crisis when he staved off an interpellation. The difficulties to ratification without reservation of the American and British debt accords existed today substantially the same as yesterday. With the opposition in its present temper it was possible new reasons for opposing ratification would be discovered.

A widespread popular resentment over the terms of the debt settlements has bolstered the irreconcilables who unquestionably are using the ratifications for political purposes.

## Press Condemns Committee

There was general recognition of this phase in today's newspapers, the press of all parties almost without exception condemning the action of the Chamber's Finance and Foreign Affairs committees in treating questions of national importance from the standpoint of domestic politics.

The premier's course was in doubt but it was believed that over the week end he would attempt to win over to his side some of those in the two Chamber committees who abstained from voting on the question of reservations and secure a favorable reconsideration of his point.

M. Poincare has made it known he will stake the life of his government on the question of ratification without reservations included in the measure itself. He has no disagreement with those who wish to express in separate resolutions that France will abide by the agreement only so long as Germany keeps up the reparations payments.

## Poker Results In Grand Jury Action

Jerry Hickey, Daniel Mackey and Peter Fitzpatrick, three of the six men brought to the Ulster county jail by Constable Palmer of Highland on Thursday night on public intoxication and disorderly conduct charges, were returned to jail Friday afternoon. They had been taken before Justice of the Peace Harold A. Lent of Highland, who during a hearing ascertained that the trio had been mixed up in a row growing out of a poker game in which they had been losers. The winners accused the three of having grabbed the money that they had lost and a charge of larceny was made. Justice Lent committed Hickey, Mackey and Fitzpatrick to jail to be held to await the action of the grand jury.

## Exposition of Women's Arts

Women who are interested in finding a market for their canned fruit, jellies, hooked rugs, etc., will have an opportunity to place them before the public. During the week of September 30 to October 6 the Federation of Home Bureaus will have a space at the Exposition of Women's Arts to be held at Hotel Astor, New York city.

Canned fruit, preserves, jellies, marmalades, fruit confections, and pickles may be sent. If anyone desires to send baked goods, it is best to limit this to fruit cake. Hooked rugs will also be sold.

All women are welcome to send jars of fruit, fruit cakes, rugs and other articles, and it is expected many women from Ulster county will take advantage of this opportunity.

A prize will be offered. All goods will be sold at the regular market price.

For further information please communicate with the Home Bureau office at Kingston.

## PERKINS BECOMES HEAD OF INTERNATIONAL HARVESTER

Chicago, July 6 (AP).—Herbert F. Perkins, after 21 years in the International Harvester Company, today stepped into the presidency vacated by Alexander Legge, who resigned to become chairman of the Federal Farm Board. His election was announced by Cyrus H. McCormick, chairman of the board of directors.

Perkins is a native of Constantinople, born there in 1855 while his father, George A. Perkins, was a professor at Robert College. He was graduated from Yale in 1887 and for the next eleven years was with the National Malleable Castings Company of Chicago, leaving it to become associated with the McCormick Harvester Company.

## ROSENDALE MAN MADE A NUISANCE OF HIMSELF

Gunther Kohnhepp of Rosendale was arrested Friday by Officer Fallon, who charged him with disorderly conduct in trying to enter automobiles on Railroad avenue and when refused a ride using threatening language, saying, "I'll get him yet." Gunther had also created a disturbance in the Hotel Ulster prior to being arrested. In police court he said something about wanting to make an apology to some one which was the reason he was trying to get into automobiles. He was fined \$10 which he paid.

## Fliers Make New Endurance Record At Cleveland, Ohio

Mitchell and Newcomb Remain Aloft 174 Hours and 59 Seconds—Crowd of 75,000 People Witness Their Landing Shortly After Midnight—One Spectator Killed.

Cleveland, July 6 (AP).—Holders of a new world's record for endurance flights of 174 hours and 59 seconds, Pilots Roy L. Mitchell and Byron K. Newcomb today rested their weary bodies after remaining in the air from a week ago Friday afternoon until 12:58:59 this morning when they brought their plane to earth at Cleveland Airport.

They exceeded by one hour, 28 minutes and 58 seconds the old mark set recently in Fort Worth, Texas, by Reginald Robbins and James Kelley, who remained aloft 172 hours, 32 minutes and one second.

Weariness brought the airmen to a landing and the riotous acclaim of 75,000 persons, one of whom was killed, after a night which became more hazardous and difficult as the days aloft cut down their physical endurance.

The climax of the attempt came but a few hours before it ended, and the two men said it nearly killed them. They survived a severe electrical storm which damaged their refueling plane in a forced landing and stopped all other air traffic to fight on for the record, attained twelve hours later.

Exhausted, the airmen immediately were taken under guard to a hotel, to sleep throughout the day if they desire. They were spent. "We broke the record. That's enough. All we want now is sleep," Newcomb said.

Resting with them was Ernest Basham, pilot of the refueling plane, who completed 24 contacts during the flight to replenish the supply of gasoline, oil and food.

## Roads Jammed for Miles

Roads were jammed for miles, and the airport was crowded with spectators when the record was equalled shortly before midnight. The crowd increased as the Stinson-Detroler monoplane, City of Cleveland, rode through the darkness, concealed in the murky atmosphere high above the airport.

The waiting crowd watched anxiously as the next hour passed, and joined in a terrific outburst as the record was set at 12:58:59. Rockets and flares were released in salute to the airmen, a display of fireworks added to the brilliance of lights at the field.

A little later the cruising lights of the ship appeared as the pilots dropped from the altitude of 3,000 feet which they had held early in the night. Twinkling against the darkness the lights swung about the airport, straightened out to the east and then climbed again.

## Flare Gives Signal of Landing

Thinking that the flight was to continue, the crowd started to disperse. But few had left their places at 12:37 when a red flare, the signal of a landing, was dropped from the plane.

Less than ten minutes later the wheels touched earth. Then the crowd charged. Police were helpless. The field was overrun. It was during this rush that Steve Kusko, 16, lost his life. He climbed to a vantage point atop an electric interurban car and was electrocuted. As the pilots swung the ship around hundreds crowded the ship, hanging to the wings and tail as it taxied to the hangar of the Stewart Aircraft Corporation, backers of the flight.

Mitchell and Newcomb rose smiling from their seats and stepped out. Again the mob fought to get near the fliers. They were hurried into the company's offices inside the hangar and many of these unable to follow fell upon the plane, tearing at it with their hands as they sought souvenirs. It was not seriously damaged, however.

## POSTPONE TAKEOFF FOR ROME IN PATHFINDER

OM Orchard, Me., July 6 (AP).—A beach which had been butted by the pounding of the surf today forced Lewis A. Yancey and Roger Q. Williams to postpone their proposed takeoff for Rome in the monoplane Pathfinder.

With weather conditions over the Atlantic described as "not the best, but they will do," by Dr. James H. Kimball, New York meteorologist, the two fliers retired last night with the decision as to the hoped-for contingent on the beach. Informed at dawn by one of the men who worked through the night fueling the plane, that the sands were "washboarded," the aviators went back to sleep without comment.

## SAUGERTIES

Saugerties, July 6.—Mrs. Byrnes of  
Main street had the misfortune to  
burn her head quite severely on  
Fourth of July night.

Mr. and Mrs. James Gaddis and  
son, James, of Kingston spent Thurs-  
day with friends and relatives in this  
village.

David Rinaldi of South Partition  
street and Gerald Overbagh of Wash-  
ington avenue received blank cart-  
ridge wounds in their hands while  
playing the past week.

Congratulations are being received  
by Mr. and Mrs. Carl Yotter of Main  
street over the arrival of a son last  
Tuesday.

Contractor William F. Kelly has a  
force of men painting the town hall  
on Russell street.

Fortunato Campelli was arrested by  
State Troopers on a charge of reck-  
less driving and fined \$10 by Judge  
Barnett.

The chief of police has issued  
notice that the practice of annoy-  
ing patrons of the Orpheum Theatre  
also "sneaking in" by a number of  
boys must stop or they will be arrest-  
ed.

Henry Schleiss of Malden was  
taken to the Benedictine Hospital, he  
being very ill with typhoid fever.

George Robinson of Washington  
avenue received painful cuts about  
the face when he fell from a car  
in which he was riding. Dr. Krom  
attended him.

The local firemen were called on  
Wednesday afternoon to extinguish a  
grass fire on the Hilton estate.

The Men's Choral Club has re-  
elected George Jopson of Finger  
street as its director and a meeting  
will be held in September.

Many improvements are being  
made to the I. O. O. F. Temple on  
Main street. Joseph Robinson is  
painting and decorating it, Abbott's  
is installing new wiring and Daniel  
Lamb & Son are putting a new roof  
on the building.

Mrs. Charles T. Hatch of Main  
street has sailed for Europe where  
she will spend some time.

Miss Margaret D. Every of the  
Brooklyn schools is spending the  
summer at her home here.

The police department of this  
place had a banner day on the  
Fourth of July as there was not an  
arrest made and everyone was in the  
best of spirits and enjoyment was  
had by all.

The Rev. T. L. Leverett and Rev.  
J. Elmer Cates, who have been at-  
tending the summer conference at  
New York city, have returned to  
their duties in this place.

James Gilmore of MacDonald  
street has received a gold watch and  
medal from the Supreme Tribe for  
his efforts in obtaining new mem-  
bers and the reinstatement of former  
members in the local tribe of Red  
Men. Mr. Gilmore is very proud of  
the gift.

The annual inspection of the Saugerties  
fire department will be held on  
Labor Day, at which time a celebra-  
tion is again planned for this place.

The Saugerties police department  
consisted of the following men who  
did excellent work in handling the

crowds and traffic during the past  
holiday: Captain Richter and Officers  
Dillon, Lavelle and Teetsell, aided  
by Troopers Kline, Drumm and  
Conna. Their work is fine and con-  
gratulations are extended to them.

Over one thousand cars were  
parked at the Athletic Field Thurs-  
day evening to witness the fireworks.  
Many were of Kingston.

Up to the present date Town Clerk  
John Weinand has issued 439 dog  
licenses. All are urged to have their  
dogs licensed as pets are liable to be  
picked up and placed in pound.

A bus will leave this place at 1:30  
on Sunday to take the local baseball  
fans to the game in Kingston, when  
the Bushwicks will cross bats with  
the Pan-Am team.

No serious accidents were reported  
for over the holiday.

Harold Dederick, who has been  
spending some time with Mr. and  
Mrs. Henry Clements on Elm street,  
has returned to the city.

Mr. and Mrs. Charles Rearet and  
daughter of New York city are  
spending the week with Mrs. Law-  
rence Robinson on Valley street.

Mr. and Mrs. John Rogers of De-  
troit, Mich., are the guests of Mr.  
and Mrs. Harry Smith on Post street.  
Mr. and Mrs. F. Pitzer of Jersey  
City are spending the summer at  
their country home on Barclay  
Heights.

George L. Kerbert has purchased  
a new one and one-half ton Chev-  
rolet truck from the local agency.

Reed and Reed have purchased a  
new Dodge delivery truck from the  
Van Buskirk garage on Partition  
street.

Ira J. Strong of Flushing, L. I.,  
spent the past Fourth of July in this  
place.

Mr. and Mrs. Albert Kelsey of  
New York were visitors in this place  
over the holiday.

Miss Katherine Kane of Buffalo,  
N. Y., is visiting Mrs. Thomas O'Dea  
on Partition street.

The Misses Margaret and Frances  
Manchester of Schenectady are the  
guests of the Misses Marjorie and  
Mildred Easton on Washington ave-  
nue.

William Fitzgerald of New York  
city spent the past holiday with his  
parents in this place.

Samuel Adams of Albany spent  
the Fourth of July with his parents  
on Washington avenue.

Mr. and Mrs. William Mullen and  
son of West Bridge street are spend-  
ing the summer at their camp at  
Wittenburg.

Mrs. Byron A. Cowan and daugh-  
ter of San Francisco, Cal., are the  
guests of Mr. and Mrs. Joseph  
Frankel on Washington avenue.

Mr. and Mrs. Richard Shortt and  
family of Highwoods spent the even-  
ing in this place on Thursday.

Austin Simmons of Main street  
had his face cut on Fourth of July  
when a firecracker exploded.

The parade held in this village on  
the Fourth of July was headed by the  
Citizens' Band of Kingston and the  
line of march was well laid out so as  
to give all a chance to see the beau-  
tiful floats. The prizes were awarded  
the following: First prize society  
float, ten dollars, Congregational  
Church Sunday school; second prize  
society float, five dollars, American  
Legion; first prize commercial float,  
George Kerbert, ten dollars; second  
prize commercial float, five dollars,  
Barclay Heights Electric Shop; best

appearing Boy Scout Troop in line,  
five dollars, Troop 4; troop from the  
longest distance, five dollars, Ger-  
manstown; most boys in troop, five  
dollars, Reformed Church Troop, No.  
1. The judges were Mrs. Frederick  
Van Voorhis, John T. Washburn and  
Mrs. Strong of Flushing, L. I.

The Citizens' Band of Kingston did  
splendid work on the past holiday  
and rendered good musical selections  
both to the parade and at the con-  
certs, which were enjoyed very much  
by a large number of people. Many  
persons noticed the difference that  
there was no music at the fireworks  
as there had been the past few years.

At a meeting of the town board  
held on July 3, a motion was granted  
to purchase a one and one-half ton  
Chevrolet truck from Clinton Van  
Buskirk Motor Co. on Partition  
street.

**OLDEST BERLIN STREET  
DOOMED BY PROGRESS**

Berlin (AP)—Berlin's oldest street,  
the Kroegel, a quiet backwater in  
the heart of the city, is doomed.  
Almost the only picturesque bit that  
is left of early Berlin, it has to make  
way for modern improvements.

When Berlin was a Wendish vil-  
lage in the fourteenth century, the  
Kroegel was a landing place for  
river trade, and it was at this spot  
that the people used to take one of  
the two baths they had in their  
lives; one at birth and one on mar-  
riage. Their third bath they got  
when they were laid out for burial.

The nuptial bathing, at which long  
robes were worn, was a great festi-  
vity. Wedding guests escorted the  
happy couple to the water's edge  
and the immersion took place to the  
accompaniment of sackbuts and  
shawms.

**WEST SAUGERTIES.**

West Saugerties, July 6.—Mrs.  
John Schalk called on Mrs. S. P. Cole  
on Wednesday evening and both went  
to call on Mrs. Lottie Myer.

Mr. and Mrs. John Carn and Mrs.  
Marjorie Osborne were Kingston vis-  
itors on Thursday evening.

Mr. and Mrs. Daigard are receiv-  
ing congratulations on the arrival of  
a daughter last Thursday.

Mr. Mendoza of Brooklyn spent  
Friday with his wife.

Mrs. Zimmer and family have  
taken possession of Carn and Rogers'  
big house for the season.

Mrs. Clausman and daughter,  
Frances, were Sunday guests of Mr.  
and Mrs. John Schalk.

Mr. and Mrs. Thornycroft and son,  
Alfred, of Newark, N. J., arrived at  
Mrs. S. P. Cole's on Sunday. Mr.  
Thornycroft went back on Monday,  
leaving the others here for some  
time.

Mrs. Margaret Lane of Kiskatoni is  
visiting her brother, David Cole,  
while his daughter, Mrs. Lottie Myer,  
is in the Kingston Hospital.

James Cole has the sympathy of  
the community. His wife died Sun-  
day, after a short illness.

The Sullivan House has several  
boarders.

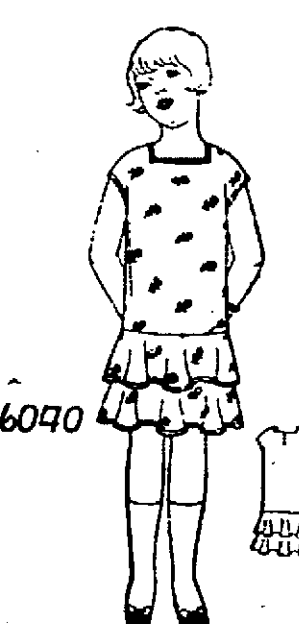

Mrs. Cameron is entertaining  
guests.

The children are happy now.  
School closed this week.

Yokes and seams are both im-  
portant details on the newest coats and sometimes,  
as in Marcial and Armando's fox-trimmed silk coat, it  
is hard to tell where one leaves off and the other begins.

home dressmaker.

## Hungarian Given Alimony.

Budapest, July 6 (AP).—Paula Kun-  
haber, a druggist, is receiving six dol-  
lars a month alimony from his di-  
vorced wife. This is believed to be  
the first case of its kind in Hun-  
gary. The alimony was granted  
when a court found that Kunhaber  
was in too poor health to support  
himself.

## ELEANOR GUNN ON FASHIONS

Reconciling Women to the Inevitable  
in Fashions

New York—Largely by virtue of  
the berthas, has the sleeveless dress  
been accepted in conservative circles  
for daytime wear. Many dresses  
technically sleeveless are to all in-  
tents and purposes elbow sleeve  
types, the berthas in many instances  
extending to a few inches above the  
elbow. The elongated shoulder line,  
cravette and cap effects and other  
contrivances have helped to popular-  
ize the sleeveless dress.

How to win women over to the  
normal waistline is another problem  
design confronting designers, a much  
harder problem to solve by the way  
than putting over the sleeveless  
dress. The normal waistline is un-  
kind to many women. Therefore the  
normal waistline must be a sugges-  
tion rather than a fact. This is done  
by vertical and horizontal shirtings,  
by the placement of an ornament or  
by the mere suggestion of a belt  
which obligingly disappears under

A Slightly Raised Waistline Is  
Suggested by the Placement of the  
Belt on the Model of Maine Chiffon.  
The Skirt Is Circular and Dips at  
the Back, the Large Cape Collar,  
Edged With Alencon Patterned Lace,  
Following the Same Line.

tucks or gathers, so that its circle  
may be broken. The normal waist-  
line worn in conjunction with the  
uneven hem is more flattering than  
when the hem has been leveled. In-  
cidentally the raised waistline  
coupled with a full skirt is more  
kindly than the one accompanied by  
a straight one.

Necklines show a disposition to  
mount, excepting of course when  
backs are cut very low, which is  
often the case this season in sports  
and resort frocks. Dresses have  
some sort of collar or softening  
neckline detail. Hips remain mold-  
ed and so well established has this  
idea become that yokes are a fore-  
gone conclusion for fall. After all  
early fall fashions are merely mid-  
summer ones expressed in terms of  
heavier materials and more appro-  
priate colorings.

## RUSSIAN YOUTH MUST AVOID CHURCH FEASTS

Moscow, (AP).—The Russian  
Communist Youth's League has  
ruled that members must be con-  
sistent in their anti-religious  
struggle. Not only must they boy-  
cott religious holidays but they  
must also refrain from any prepara-  
tion for religious celebrations.

League members are forbidden to  
eat Easter cake or Easter eggs or  
any other paschal dainties.

These don'ts were issued after  
the official newspaper of the league  
received a letter from a girl ask-  
ing whether it would be proper if  
she helped her mother to make  
Easter cakes.

## Welfare Work of Junior League

The Junior League is active in its baby welfare work in the following: The work done during the year which was submitted by the C. President, chairman of the baby welfare activities:

The following is a report of the baby welfare committee from June 1, 1928, to June 1, 1929: On January 6th, Miss Beatrice Hagan came to us, highly commended by the Vocational Health Agency for Public Health work of New York city, as one of the best in the city. While we were with us, the cases on file ranged from between 50 and 60 and the number of calls averaged 275 per month. Miss Hagan's contribution to our work in getting the clinic idea started.

Her diplomatic conference and efficient cooperation with health nurses, charity agents and doctors were especially valuable. Our files were systematically and the exhibits which we have in the waiting room were made. After receiving the approval of our Advisory Committee from the Medical Association, our clinic equipment was ordered. Miss Hagan resigned to take up Public Health Work in Dutchess county. Miss Victoria Mayer was our nurse from January 8th to March 15th. Miss Mayer was obtained through the same New York agency and was a very efficient health nurse. While she was with us we actually had our first clinic, both infant and prenatal. Our files were further improved and our work in taking children to T. A. T. Clinics began. Cases on file increased to 171, calls averaging 281 per month. Miss Mayer resigned because of ill health. On March 15th, Miss Anne Cassidy became our Jr. League Nurse. She is a graduate of the Benedictine Hospital and was engaged in Public Health Work in Mt. Vernon and the Town of Saugerties. Under Miss Cassidy, the work we started in continuing and improving. Clinics are being held, two infants and one prenatal a month. Because of the large number of cases on file—now 281—we are working out again the group meetings of mothers in different parts of the city and the nurse is at home Thursday afternoons at the clinic rooms for weighing babies and mothers' conferences. Already there is an average of six attending every Thursday. To date we have had five clinics for infants, 43 children attending. Two prenatal clinics—three patients attending. The physicians assisting were Drs. O'Meara, Day, Wilson, Krom, Hugel and Malone. At one clinic Miss Hagelweide assisted as nurse. Outside of the regular work our nurse has delivered birth certificates, assisted with the Catholic school physical examinations and with T. A. T. Clinics, one in Saugerties and one in Flatbush. She has given a talk to the Saturday morning part time school on infant care and to the nurses of the Kingston City Hospital on Public Health Work for mothers and infants. Three to five children are taken to each orthopedic clinic which the state holds here every three or four months. A day nursery was held three afternoons for children whose mothers wished to attend "Child Guidance Lectures" sponsored by the Home Bureau and an exhibit was arranged in the London Juvenile Shop to interest the public in our work at the time of the ball. During the past year we have distributed 1,371 quarts of milk. The Red Cross has given milk to two of our families. We have given, where necessary, dextro maltose and cod liver oil and other medical supplies—layettes and obstetrical packages. The committee wish to thank both the Kingston and Benedictine Hospitals for the kind treatment which our patients have received, the Kingston Hospital for sterilizing our obstetrical packages, the County Laboratory for doing our analysis work, and all those who have donated clinic equipment, money for the milk fund, carriages, cribs, clothes, etc. We wish to express our appreciation for the help and good will of our Advisory Committee from the Ulster County Medical Association which consists of Drs. Snyder, Larkin, O'Meara and Van Norstrand, and for the cooperation of the other doctors who have so kindly assisted us. I am very sorry to find that our infant death rate for the year is very high. Where last year it was 66.2 deaths per 1,000, this year it has been 89. This year there have been 28 still births and 47 infant deaths. Of the 47 deaths, 17 have been the result of premature birth, 15 from malformation, four from gastro intestinal, five from respiratory diseases and six from communicable diseases. This shows the need of prenatal work in Kingston. I want to mention the splendid work the Parent-Teacher Association is doing in giving every child who is to enter school in the fall an opportunity of having a physical examination and in seeing that necessary corrections are made by the time school opens in the fall. Wednesday is the first of several days in which Dr. Vol, the school physician, will use our clinic rooms to examine children. In closing, I wish to thank the committee and all the other members of the Junior League who have so loyally helped in our work.

Word comes from the builders that the construction of the Wicks memorial organ for the new Methodist Church is proceeding well. It

will probably be completely installed sometime in September. The initial recital will be given by Mrs. Edith Ewell Lewis of Brooklyn, a pupil of Clarence Dickinson of New York, and Charles Marie White of San Sulipice Cathedral, Paris, the world's greatest organist. Some of the construction work is not yet finished on the church, but is expected to be before long. None of the incomplete work interferes particularly with the program of the church worship.

Miss Margaret Kinney of New York is spending her vacation at the Sullivan farm. Miss Kinney was formerly from New Paltz.

Mrs. Lewis Ten Hagen and granddaughter, Betty Benjamin, spent last Wednesday with Mrs. Charles Ten Hagen in Rosendale.

Mrs. Henry Miner joined Mr. Miner at Lake Mohonk for the week end.

Mrs. Fred Coulter has been visiting in New York city.

After visiting relatives on Long Island Miss Mary L. Childs will be at Swampscott, Mass., for the summer.

Mrs. Bloomer and son, Harold, visited George Bloomer at Walden Monday evening.

Mrs. Esther Yost and daughter, Mary, have moved in their house on Prospect street.

Obstacles are things to test the stuff you are made of, for:  
"What Nature wants to mold a man when all the world shall praise him."  
Watch her method, watch her ways:  
How she humors him and hurls him  
And with mighty blows convulses him  
While his tortured heart is crying and he  
Lies motionless, dead.  
How she goes him and never spares him,  
Lends him down and breaks and wears him,  
And then sets him and mends him till  
His body scarce can bear him.  
Keep a challenge for his spirit,  
Prove it higher when he's near it,  
Till at last she lets him clear it—  
So much Nature for a man."

The less time she takes in picking a husband the more time she'll have to pick on him.

"Do you know that your wife is telling everyone you can't keep her in clothes?"

"That's nothing. I've bought her a home and can't keep her in that, either."

A splinter encountered some boys in the old swimming hole, minus everything but nature's garb and was horrified. "Isn't it against the law to bathe without suits on, little boys?"

"Yes'm," announced freckled Johnny. "But Jimmy's father is a policeman, so you can come on in."

"How does it happen," said the teacher to the new pupil, "that your name is Allen and your mother's name is Brown?"

"Well," explained the boy, "she married again and I didn't."

Teacher—Johnny, how much is three and four?

Johnny—"I'd like very much to tell you, teacher, but I think it'd do you more good if you look it up yourself."

#### TURKS REFUSE TO PAY \$5 RENT FOR SUMMER PALACE

Constantinople (AP)—Palaces have become cheaper to rent than apartments in Turkey. Spacious abandoned summer palaces, set amidst vast gardens along the Asiatic shore of the Bosphorus, where Turkish pashas and princes of the old regime once lived in Arabian Nights' glory, are now renting for five or ten dollars a month with few takers.

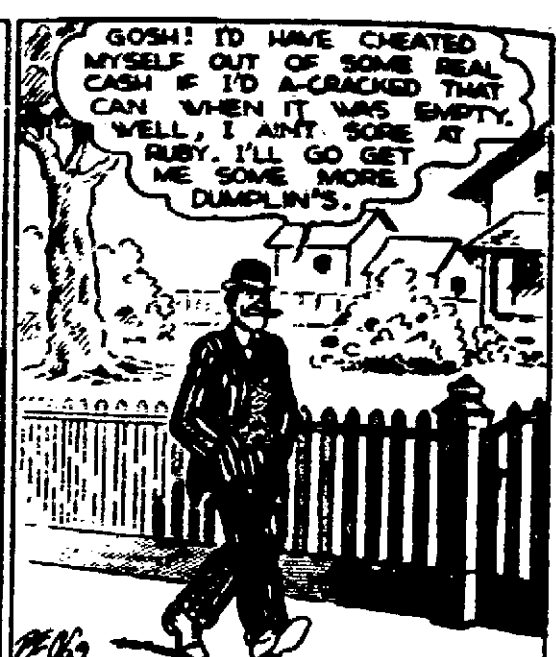

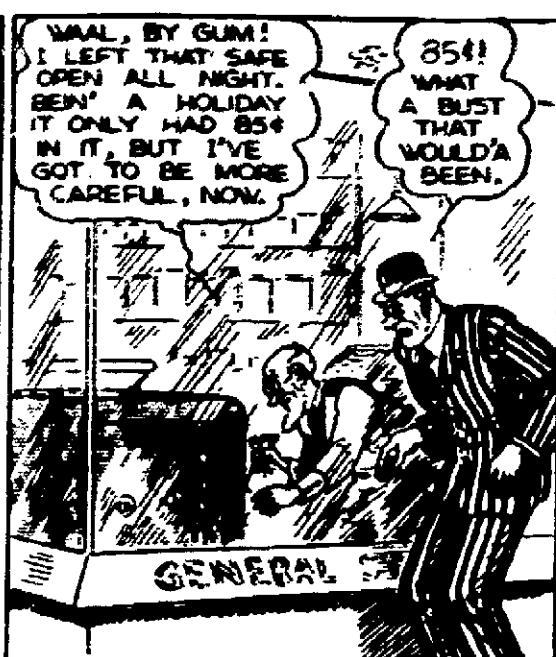

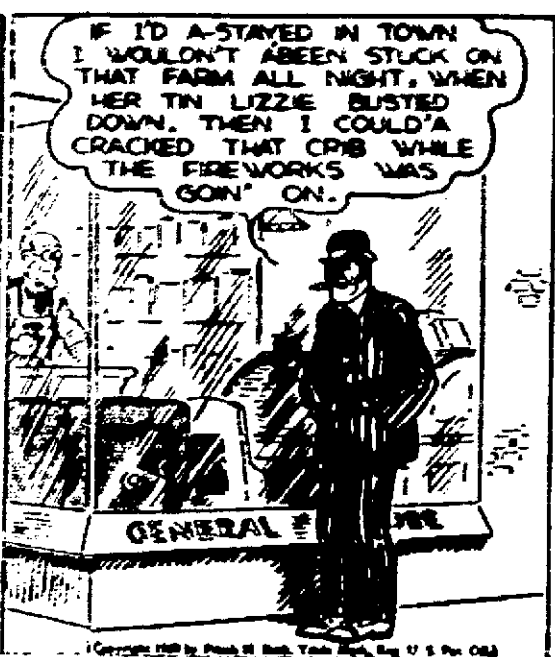

The modern stylish Turk prefers the new apartment houses of the European quarter of Pera to the waning wooden mansions of his forefathers, and the middle-class Constantinopolitans cannot afford to furnish these vast relics of the old days, even though they may be rented for a song.

Such is the state of dilapidation of these once palatial wooden "palaces" and "kiosks" along the Asiatic shore that the phenomenal storms of the past winter brought more than a hundred to total ruin. It is estimated that twenty years from now not one will remain.

Alone in its white splendor, the palace of Beyler Bey, where Empress Eugenie paid her spectacular visit to the sultan of the Ottoman Empire, is kept in repair by the republican government in readiness for the summer visits of President Kemal. The Ghazi makes Delma Bagiche palace on the European shore his headquarters, but is fond of boating across occasionally to the old pile and looking in at that huge room where Hamid the Red, last of the mighty sultans (his brief successors being mere puppets), drew his last breath.

#### CASE OF MODERN VALJEAN REVEALS INJUSTICE

By A. H. McCOMBE,  
(Associated Press Staff Writer.)

Paris, July 4 (AP)—A 14-year-old French boy, without money, tried to go to America. How that adventure started him on a fight with justice that has cost him the best days of his life has reached the front pages of the Paris papers, and has shocked the French conscience almost as much as the mythical case of Jean Valjean.

The victim's name is Edouard Ponto. Deserted by his mother during the war while his father was at the front, Ponto was made the ward of a farmer. Badly treated, the boy ran away, hoping to reach America.

He boarded a train at Paris for Havre without a ticket. He was arrested at Havre and sentenced to six years in prison for swindling the railroad company.

Educated in prison, Ponto was released and sent to the army to do his military service.

"Six years in prison," comments a Paris columnist in a savage attack on the courts. "Then the barracks. Society did not refuse this lost child the right to die for his country."

"But the barracks are almost a Paradise for Ponto. One eats, has a bed, makes friends. Ponto proves an excellent soldier. He is released in 1927 with a certificate of good conduct. Then justice slips again;

the army clerk thought it was necessary to write on Ponto's precious discharge papers the fact that he was an ex-convict."

There Ponto was condemned to die of hunger. After leaving his regiment, he can find work nowhere. Why should anyone hire a youth who had been in prison? Ponto cannot find work, but he does find men with whom he served in prison.

Ponto has just been arrested again and condemned to five years more in prison.

#### CHURCH AND THEATRE AID PUBLIC MANNERS

London (AP)—Everybody ought to forsake the movies and go to church or to the theatre once a week for the social discipline to be obtained there, says Lewis Casson, noted British actor.

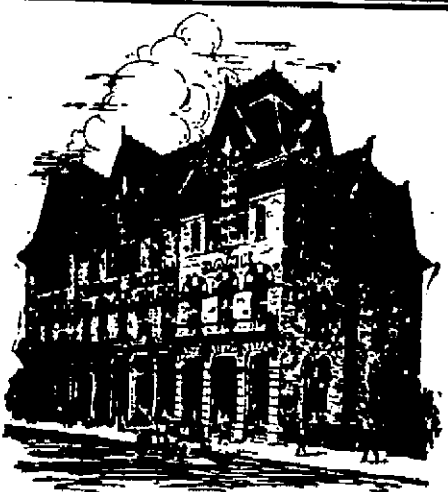

Both church and theatre attendance have a good effect on manners, according to Mr. Casson, who believes that such attendance helps people to "surrender their souls to something higher," and encourages physical self-control by restraint on coughing and fidgeting.

Discipline in theatres today is far worse than it was ten years ago, in the opinion of Mr. Casson. "And the moving pictures are to blame," he explained. "They permit people to talk and blow their noses as much as they like."

New CHEVROLET Sixes  
on the road since Jan. 1st!

Today's Chevrolet is scoring a huge nationwide success because it represents one of the most sensational achievements in automotive history—a Six in the price range of the four.

Until you actually drive this remarkable car, you cannot appreciate how smooth, quiet and comfortable a low-priced automobile can be. Due to superior inherent balance, the Chevrolet six-cylinder engine delivers its power freely and easily throughout the entire speed range—delightfully free from annoying vibration and rumble. Combined with this remarkable six-cylinder smoothness are equally remarkable speed, power and acceleration—and an economy of better than twenty miles to the gallon.

In addition to such sensational performance, the Chevrolet Six offers the outstanding advantages of Bodies by Fisher. And no car ever provided a more impressive array of modern convenience features—adjustable driver's seat and VV one-piece windshield in closed models, easy action clutch and gear-shift, ball bearing steering, and instrument panel complete even to theft-proof Electrolock and electric motor temperature indicator! Come in! Learn by comparison and a ride why hundreds of thousands of careful buyers have already chosen the Chevrolet Six.

## Financial and Commercial

New York, July 6 (AP).—The stock market encountered rather heavy week end profit-taking in today's two-hour session, but a vigorous resumption of bullish operations in the rails and some of the specialties checked the decline and losses were generally reduced before the close.

The gain of \$227,600,000 in federal reserve brokers' loans, announced last night, had a chilling effect upon speculative sentiment for the moment, and tended to augment the normal week-end liquidation, although an increase of that magnitude was clearly indicated by the large gain in stock exchange member loans as of June 29, announced earlier in the week.

Although the upturn in brokers' loans as reported by the Federal Reserve carried the total to within \$24,000,000 of the record level reached March 26, the gain was attributed largely to the heavy new financing, coincident with the mid-year money plan, and did not cause the apprehension that large increases have caused previously. Wall Street is now inclined to the opinion that the Federal Reserve Bank has adopted a "hands off" policy toward the stock market for the time being.

The Federal Reserve condition statements, however, disclosed repeated reductions of holdings of acceptances and government securities, indicating that recent increases did not indicate any new policy of easing credit, but merely repurchase agreements to tide over dealers.

## POULTRY

## PASTURING GEESE ON CLEAN RANGE

## As General Rule Fowls Are Given Freedom of Field.

The raising of geese has not been specialized like duck raising, for the reason that geese secure most of their feed by grazing. For this reason, geese are raised on most farms in comparatively small flocks. These facts are the principal reasons why geese raising offers an opportunity for most farmers to add another source of income to their spring poultry raising.

Geese may be pastured at the rate of 90 head to an acre, but as a general rule, they are given free range. This is satisfactory so long as they are not numerous. However, if a large flock of geese is pastured on the regular pasture the live stock will not relish the pasture on account of the goose manure on the grass. Ordinarily, the number of geese raised on any one farm are not numerous enough to cause any trouble from this source.

Geese do not require a great deal of attention. After the first two weeks they are able to look after themselves if given a good range. The principal food of geese is grass, supplemented by insects and other low forms of animal life. If suitable range is not accessible it is not advisable to go into geese raising.

Houses that will protect the geese from rains in summer and from snow, cold winds and dampness in winter are the only essentials from the housing standpoint. Low, open front sheds are often used for this purpose. Care should be taken to see that the interior of the house is dry at all times. Geese like to swim and they will exercise in the snow practically all day, but they should have dry places to roost or they will contract rheumatism. The floor of such houses should be of earth. This should be covered with straw and renewed often enough so that it will be dry. A thin coating of sand often proves helpful in keeping the house dry.

Geese mate more successfully after they are two years of age than when mated earlier. This is more true of the females than of the males. Occasionally yearling geese will produce fertile eggs, but they cannot be depended upon. Small, undersized geese should not be used for breeding purposes. On the other hand, extra large, coarse geese are not as satisfactory as those of full development, but not so coarse. With most breeds the gender will mate with from three to four geese.

## All-Mash Chick Ration

The rearing of chicks to maturity on an all-mash ration is a rather new venture in poultry keeping, and we shall have to take the word of those who have tried it as to its value. This system has been developed and advocated by the Ohio agricultural experiment station, at Wooster, and is fully described in a bulletin issued by this station. They state that they have found the method successful on their experimental farm and equally so in the hands of other poultrymen of the state. Some other stations, where it has been tried, discount these claims somewhat. There is no question as to the attractiveness of the plan and to the results at the Ohio station should be sufficient to give warrant for trying it out.

Those who have followed the teaching of poultry experts over a considerable period of years have learned that there is little that can be considered as absolutely fixed, even in the seemingly fundamental principles of feeding and care. Revolutionary findings are apt at any time to upset long accepted practices. The all-mash ration should not have scratch grains added to it, since it combines in itself both the scratch and the mash and the addition of more scratch grain would unbalance it. That is, it would change the proportion of protein foods to the other ingredients and presumably lessen its value. An all-mash should be more coarsely ground than other mashes, to make it more palatable.

## Raising Turkeys

Turkeys can be raised by artificial methods with less loss and more profit than by the hen-hatched and hen-brooded method. Each year the matter of growing more than 20 or 30 per cent of the poult is becoming more difficult. That the association of turkeys and chickens is one of the leading causes for the heavy losses in baby poult and that turkeys can be raised in brooders and hatched in incubators are comparatively new developments in the turkey situation.

## In Case of Roup

Should any of your flock begin to show symptoms of roup, no time should be lost in starting measures to prevent further spread. All houses, pens, coops and runs should be thoroughly cleaned and sprayed with a strong solution of a good coal tar dip and disinfectant. Droppings, litter and trash of every description should be removed and burned. All unnecessary equipment of every kind should be removed from houses and yards and stored elsewhere.

## Have You?

We are advised to cut considerable fat in the spring to supply the fatness needed to prevent certain physical troubles. The followers of this advice might say: "Fat cannot harm me; indeed today?"

## Society Notes

## The Fourth at Trowbridge Farm.

Kyranke, July 5.—The many guests of the Trowbridge Farm enjoyed the Fourth of July celebration given by the management. The evening was begun by bridge playing, with prizes for every table. After bridge, fireworks were enjoyed, and the evening was given its greatest treat by listening to songs rendered by Mrs. Hans Hetsenke. Former teacher of voice in the Metropolitan Opera, violin selections by Glen Smith, leader of a New York orchestra, and recitations by Miss Huser, daughter of the assistant vice president of the Guaranty Trust Company of New York. Delicious refreshments were served at the close of the evening.

## Fifty-Ninth Wedding Anniversary.

The home of Mr. and Mrs. Edwin L. Merritt on Albany avenue was the scene of a most unusual wedding anniversary on Friday when Mrs. Merritt's father and mother, Mr. and Mrs. M. Anderson of Margaretville, celebrated their fifty-ninth wedding anniversary at the home of their daughter. A delightful family dinner marked the happy event, all of the children of Mr. and Mrs. Anderson, Mrs. Willis Johnson of Poughkeepsie, Frederick L. Anderson of Catskill, William Anderson of Oneonta, Clifford Anderson of Kingston and Mrs. Edwin L. Merritt, the hostess, being present, together with several grandchildren and one great-grandchild. Both Mr. and Mrs. Anderson are in excellent health and spirits, and Mr. Anderson, who is 79 years of age, thinks nothing of driving his car from Margaretville to Kingston and return.

## Mc Culiffe-Hennessy.

New Paltz, July 6.—A pretty wedding was solemnized at 3 o'clock Saturday afternoon at St. Mary's Church, Poughkeepsie, when Helen M. Hennessy, daughter of Mr. and Mrs. Thomas Hennessy, became the bride of Frederick J. McCuliffe of Tivoli. The ceremony was performed by the Rev. Mr. Van Valkenburg, assistant pastor of the church. The bride wore a gown of white satin trimmed with rose point lace and a veil of tulle caught with orange blossoms. She carried a shower bouquet of white roses and sweet peas. Dorothy K. Hennessy, sister of the bride, was maid of honor. Her gown was of yellow chiffon with hat to match and she carried a bouquet of pink roses. Daniel Mor-

er was best man. The wedding marches were played by Mrs. Elsa Casey of Rhinebeck. Prior to the ceremony Charles Wetherall sang "O Promise Me." Immediately following the ceremony a reception was held at the home of the bride's parents after which Mr. McCuliffe and his bride left for a wedding trip to Lake George and Canada. Upon their return they will reside in Tivoli. The bride is a graduate of Red Hook High School and the New Paltz Normal School class of '25. Mr. McCuliffe is employed by the New York Central Railroad Company.

## Local Death Record

Joseph Shooa of Roseton died on Thursday at the Benedictine Hospital where he had been a patient for the past week. He is survived by his wife and a daughter, Mrs. Louise Rosener, and had been employed by the Rose Brick Company for the past 25 years. Funeral from the Reformed Church at Roseton on Sunday at noon. Interment in Cedar Hill cemetery.

Mrs. Jessie B. Masten died at her home in Marlborough on Friday following a stroke sustained a week ago. She was the widow of Eli Masten and the daughter of the late Matthew and Elizabeth Berrian. Mrs. Masten is survived by two daughters, Mrs. Mary Weist and Mrs. Isaac Kniffen, both of Marlborough. Funeral services from the late home Sunday afternoon. Interment in the Riverside cemetery, Marlborough.

Poughkeepsie, N. Y., July 6 (AP).—Francis Wheeler Platt, 52, since 1913 publisher of the Poughkeepsie Eagle News, died at his home here today after a six months' illness. Mr. Platt was graduated from Cornell in 1898. He was a director of the Merchants National Bank of Poughkeepsie and was prominent in social and fraternal circles. He is survived by a son and a daughter, three sisters and two brothers, one of whom is Edmund Platt, vice chairman of the Federal Reserve Board.

Anna Legg, widow of John L. Van Aken, a former resident of Kingston, died Friday evening at the home of her daughter, Mrs. William B. Hughes at Irvington, N. J. Besides Mrs. Hughes, with whom she had made her home for the past eight years, she is survived by another daughter, Miss Ethel Van Aken, also of Irvington, and one son, Harry C. Van Aken, of Kingston. Funeral services from the chapel of A. Carr & Son, 1 Pearl street, Monday afternoon at 3:30 o'clock. Interment in

## American Crew Wins Thames Cup

Henley, England, July 6 (AP).—The Browne and Nichols School crew from Cambridge, Mass., won the famous Thames cup this afternoon by capturing the final race of the grueling competition.

The husky prep school boys succeeded where the Columbia University lightweight eight failed and gave America its first bit of Henley glory since Walter Hoover won the diamond sculls in 1927.

After trimming the Trinity College eight of Cambridge, conquerors of Columbia yesterday, in this morning's race, the Browne and Nichols youngsters went out this afternoon in the final by one and one-quarter lengths. The time was seven minutes 25 seconds for the mile and five-sixteenths.

## Educators' Salaries

Expenditures for salaries of teachers amount to approximately 75 per cent of the total current expenditure for elementary and secondary schools. In colleges and universities it constitutes a somewhat smaller part, or approximately 60 per cent of the total spent for operation and maintenance.

## Women Did It

When one is waiting in a barber shop for his "turn" and listens to a man telling the barber how to comb his hair and shave his neck one has a greater respect for a fussy old maid.—Atlanta Constitution.

Wiltwyck cemetery. Mrs. Van Aken was held in high esteem by a large circle of friends.

The funeral of Aloysius Francis Quigley was held from the home of his mother, Mrs. John J. McGuire, Albany avenue extension, this morning and thence to St. Joseph's Church where a Mass of requiem was celebrated for the repose of his soul by the Rev. Edmund Burke. The funeral cortege was large and the floral offerings were profuse and beautiful. The services were attended by a large delegation of members of Kingston Council, Knights of Columbus, of which deceased was a member. The bearers were William Brophy, John Burns, William and Robert McGuire, John Carpenter and Charles Lay. Interment was in the family plot at St. Mary's Cemetery, where Father Burke had charge of the committal services.

## Our Ongoing Population.

The following births have been reported to the board of health:

Mr. and Mrs. Luther Cough, Rosendale, a son, Richard, at Rosendale Hospital.  
Mr. and Mrs. Francis Fitzgerald, Brooklyn, a son, Francis Joseph, at Benedictine Hospital.  
Mr. and Mrs. Edward Norton, 15 Post street, a son, William Henry.  
Mr. and Mrs. James J. Newkirk, a daughter, Jean.  
Mr. and Mrs. Alton Cole, 16 West Union street, a son, Alton Ellsworth.

## Annul Award For Children

A special hearing with James S. Kipp, a member of the State Industrial Commission, in charge, was held at the supervisors' room in the court house in this city on Friday on a death claim of Mrs. Mary Johnson of Winchester, Va. The claim was for compensation because of the death of her son, James Johnson, on June 14, 1927. His employer was E. J. Coughlin, brick manufacturer. James P. Coughlin represented the claimant. The claim had been previously acted upon when the woman was granted an allowance of \$3.91 a week, and an allowance made for dependent children.

The special hearing was had on Friday by Commissioner Whipple because since the former award it was learned upon investigation by the State Mutual Company, the carrier of the compensation insurance, that Johnson had not lived with his wife for five or six years and the wife had during that time lived with another colored man by whom there were children. After the hearing on Friday it was agreed by stipulation on the part of the representative of the carrier that the award for dependent children be annulled and that the mother be awarded \$3.91 a week as from June 14, 1927, the payments to her at that rate to be continued.

Automobile racing has grown so popular that promoters announce an increase in returns of 37 per cent over the 1927 figures.

### SHOKAN.

Shokan, July 6.—Russell P. Clayton and family of Kingston are occupying the Will Longyear bungalow, overlooking the west basin of the reservoir.

Joe Kelly, who has been coming to Shokan for many years, is at his summer home in the village. Every one is glad to see Joe's smiling countenance again.

Communion service will be held in the Reformed Church next Sunday at 11 o'clock.

In the year 1856 the Fourth of July was celebrated locally with a military parade at J. H. Decker's, Shokan, and a big picnic in the grove on the Martin Krom place. Mr. Krom lived near the Bushkill creek, on the farm which later became the home and boarding house of Henry and John Schmidt. In later years the place was but a short distance north of the Ulster & Delaware railroad station. In the old days there was a sawmill run by Jim Shaw, not far from the Krom grove.

The Misses Claudia Phelps and Harriet Strange are guests at the home of Mr. and Mrs. Alfred Scott.

Mrs. William Mulligan is stopping at Wanderer's Rest, on North Boulevard.

Raymond Nadal, who spent the winter and spring in the big city, is again at the Nadal homestead on the heights.

G. Wallace Codwise of Kingston was in town Tuesday in company with Robert and Loren Secor, for whom he was doing some engineering work.

The second lesson from Rauschenbush's "Social Principles of Jesus" was studied at the regular weekly prayer meeting held in the Reformed church on Thursday evening, July 4. These meetings, at which the series of twelve interesting lessons are being taken up, begin at 7:30 p. m., standard time. Visitors to Shokan, as well as residents of the place, are extended a cordial invitation to attend the prayer meetings.

Mr. Jenny, a World War veteran of Newark, N. J., who has made friends during his brief trips to this village, was again in town on Tuesday. Mr. Jenny, who was seriously injured by being run down by a motor transport truck, is greatly interested in the welfare of all ex-soldiers and especially the troubles of the disabled veterans. During his travels Mr. Jenny makes a point of

reminding his buddies that they have only a few months in which to make application for a pension, and that, failing to do so, they shall never again have that privilege. The pension business has nothing to do with home certificates, such as most veterans already have, but is rather a proceeding designed to be useful as a basis to work on in case this form of compensation is granted at some future time. Still another measure which the veterans' organizations are working for, according to Mr. Jenny, is that which would bring about the immediate redemption of bonus certificates, thereby enabling needy veterans to get some benefit from them while living, other than the small amounts which can be secured as loans with the certificates as collateral.

Charles De La Vergne of Kingston has leased one of the Winchell bungalows on the Ridge road. Every year more and more people from the county seat are taking up their residence for the summer months in this beautiful reservoir section.

William Grossman has a number of city boarders at his spacious farmhouse on the north boulevard.

Mr. and Mrs. Santi Nadal of Brooklyn are spending a few days at the home of Mrs. Nadal's father, Francis Hughes.

Mrs. Julius Ryder of Ashokan is helping Mrs. Winchell run the popular dining room at the store.

An interesting event of the year 1852 was the installation, on July 6, of the Rev. John W. Hammond, as pastor of the Shokan Reformed church. On this occasion the sermon was delivered by the Rev. Gulick, the charge to the minister by the Rev. Mr. Eckel, and that to the people by the Rev. Mr. Snyder. Dominie Hammond, as the Reformed pastor, occupied the parsonage which at that time was the house later owned by Dewitt C. Davis, near Sand Hill cemetery. He is remembered by old residents as a man of genial disposition and one who was popular with the young folks. Mr. Hammond was the father of the late Mrs. John D. Knist, and the grandfather of Jay Knist of Marlborough. Mrs. Will Longyear of Kingston, and Mrs. Don Everett of New York city.

Mrs. Thomas Krekeler of Montclair, N. J., and two daughters are sojourning for a short time at their beautiful summer home near the Butternutkill.

Miss Florence Lounsbury is visit-

ing at the home of Mr. and Mrs. James Giles.

George Giles and George Vonder-Osten are doing carpenter work on the barn and other buildings of the Boetock place. Four saddle horses have arrived for the use of the Boetock and their guests, these being about the only livestock kept on the big farm by the present owners, who will probably not go in for raising crops this year, except to harvest the grass. Fifty-two years ago this farm, then operated by Henry and Jacob Coons, raised approximately 185 bushels of oats, 87 bushels of rye and 75 bushels of buckwheat, while at their husking bee the Coons brothers had 145 bushels of ear corn husked for them by the neighbors, who that evening sat down to a delicious pot-

pie supper prepared by the women of the hospitable Coons family. That was a pretty good yield of grain for a mountain-side farm, even in a year when farmers raised most of the feed for their own stock.

With the return of a number of truck drivers, who were laid off temporarily, work on the new state road will be speeded up after the Fourth.

Although one side of the road is now completed and in use, the one-way traffic rule is still in force. The concrete pavement is all that could be desired in the way of smooth rolling.

The Ladies' Aid Society of the Re-

formed Church met Wednesday afternoon at the home of Mrs. Ira Elmer-

son at Van Stoenburgh Road. Travel to the mountains for the holidays was heavy. Apparently, a little construction job does not serve to discourage most motorists from taking the shortest route to their destination.

Mr. Anderson, the well known meat man of Kingston, was a business caller here Tuesday afternoon. Mr. and Mrs. James Fyle are enjoying their annual summer sojourn at the R. W. Longyear boarding house.

Mrs. John Hamilton and daughter, Edna, of Kingston are visiting Mrs. Hamilton's parents, Mr. and Mrs. George Hogan.

Eggs are very scarce in this locality at the present time, and the price is climbing rapidly, having jumped from 39 cents to 59 within a few weeks' time. Farmers and poultrymen find a ready market for eggs among the bungalow colony here during the summer months, though many prefer to ship by parcel post and get the fancy city prices for their produce.

The department of education says that the average age for graduating from universities in the United States is twenty-three years.

## STORM FORCES CONCLUSION OF ROOSEVELT NON-STOP TEST.

The forces of nature overcame the forces of man in sensational fashion at the Indianapolis Motor Speedway to bring to an end the longest non-stop endurance test in the world's automotive history—419 hours and 46 minutes. This remarkable record, never before approached on land or in the air, was accomplished by a Marmon-built Roosevelt, picked at random from the assembly line in the Marmon factory by American Automobile Association representatives, and run under the official observation of that body.

The finish of the test, after eighteen days, eight hours and 46 minutes of continuous running, came at the zenith of one of the worst storms experienced in years in central Indiana. A sixty-mile-an-hour gale, accompanied by a cloudburst, descended early in the evening of the nineteenth day of the test and, after demolishing Marmon pits, headquarters, tearing roofs from grandstands and filling the track with debris, brought an unwelcome end to the record-making run.

Not only did torrents of rain obliterate the vision of the driver and his riding companion, but the

velocity of the wind was so great that the car was swung sideways on the south turn of the famous race course and continuance of the run was made physically impossible. An entire building was picked up by the wind and placed in the middle of the track, the air was filled with gasoline cans and flying debris, and the track was strewn with numbers and shattered sections of fences and grandstands.

Shortly after the fury of the storm subsided, Marmon officials and A. A. A. representatives visited the speedway, and, after surveying the scene of destruction, agreed to bring the test to its official conclusion.

The last record to be broken by the Roosevelt was the sustained light mark of the airplane, Fort Worth—172 hours, 52 minutes and 1 second. This was accomplished in the afternoon of June 19, after the car had been on the track slightly more than a week. Thereafter, each additional hour piled up by the car was adding only to the record it had already made. Two solid weeks brought the total to 234 hours, and the 400-hour mark was reached at 2 o'clock in the morning of June 29.

Two of Shakespearean plays with attendant music will be presented at the Heidelberg, Germany, festival this summer.

### Sidders Wins on Technical Kayo Over Spider Kelly

Mont Is Stopped in Third Round Due to Kelly's Swollen Left Eye—Blaine-Ziegler Draw—Rash Beats Van Buren—Buckman Scores Another Knockout.

A technical knockout over Spider Kelly of Kansas City was awarded to George Sidders in the third round of the 16-round feature at the armory yesterday night, when Sidders, the Philadelphia champion, who obviously dropped Hepburn stopped the bout because of a bad swelling over Kelly's left eye.

Johnny Blaine of Kingston and Eddie Ziegler of the 102nd Medical Regiment, New York, fought a stinging round draw in the semi-final, which was preceded by the Frenchy Dawg Paul Collins set to, that lasted about one minute. Collins stuck a hard left to the Frenchman's stomach and he took the count.

In the three four-rounders that went on, Kid Rash took the decision from Roy Van Buren, local scrapper; Kid Buckman of this city knocked out Dave Solomon of West Point in the second round of their mill and Jimmy "Whopper" Gorman of Kingston was kayoed by Charlie Garrison, another boy of this vicinity, in two rounds.

The main bout, as far as it went, belonged to George Sidders. He proved a more clever boxer than ever against Kelly, who showed less action last night than he did in his first meeting with Sidders. The Spider's left eye, injured a week ago, began to swell after the first round and by the time the second was about over the optic was nearly closed.

In the second round Sidders landed several hard clips to Kelly's jaw, that did the Spider no good. They receded him around and gave George a chance to work in some crushing body blows. Hard wallops to the head had Kelly's left eye completely closed at end of the third, when the contest was called off by the referee.

The weights were: Kelly, 145; Sidders, 144.

The Johnny Blaine-Eddie Ziegler fight was a hard one. The aggressive New Yorker dashed in at Johnny throughout the fight and got peppered plenty on the face with Blaine's left jabs. The Kingston boy was not backward in assuming aggressive tactics himself and during the fifth round had Ziegler groggy from two hard rights to the button. Most of Eddie's best work was done at close range. The decision was a draw. Blaine weighed 117, Ziegler 118.

The only other fight on the card that went the limit was the Roy Van Buren vs. Kid Rash four rounder. Roy had the Kid in a bad way at the end of the first round, during which Rash took the count of nine. In his anxiousness to follow up in the second Van Buren missed with many of his swings and tired himself in the frame.

The third stanza was a tough one for both fighters. Both were knocked off their feet. Van Buren staying down for nine counts and Rash for eight. Rash took the last round by a big margin. Van Buren being unable to do much with his right hand injured.

Rash weighed 120, Van Buren 121.

Another card of bouts will be held at the armory on Friday night, July 12, when Jack Kelly, heavyweight champion of the National Guard and Bill Freeman of West Point, former holder of the title, will fight it out for the heavyweight crown. Kelly, the defender, took the belt from Freeman by the knockout route.

Mike McTigue, former light-heavyweight champion of the world, attended the bouts at the armory Friday night. He was introduced from the ring by Announcer Sam Ribber, and got a big hand from the fans. Mike is interested in George Sidders, who defeated Spider Kelly in the main bout.

### Tagging Major League Bases

By WILLIAM J. CHIPMAN, Associated Press Sports Writer

Teams were apportioned generally along the baseball front yesterday as the major league athletes moved into position for another series of inter-league battles, but the Cardinals found it difficult to lose their teeth against while Kelly of Kansas City was awarded a technical knockout.

The champions were accorded the 16-round feature at the armory yesterday by nobody but Friday night, when Sidders, the Philadelphia champion, who obviously dropped Hepburn stopped the bout because of a bad swelling over Kelly's left eye.

### Bushwicks to Play Pan-Ams Sunday

The Pan-Ams and Sauterites Bushwicks will cross bats Sunday afternoon at the Sauterites road diamond, where Walt Black, ace of the oilmen's staff, and M. Fraleigh, star pitcher of the Bushwicks, will mound opponents.

Black, who has been going great guns for the Pan-Ams, is in good form and the Bushwicks will have plenty of trouble with his brand of sprints, it is predicted. The lined-up announced by the Pan-Am handlers promises that Black will have plenty of good support. Jole Hoffman will do the catching; Hank Cragan, 1b.; Fritz, and "Lutz" Brown, latest additions to the team, 2b. and 3b. respectively; Bob Sickler, shortstop; Merritt, Lay and Tierney for the out-garden.

The Bushwicks, behind the hurrying of Fraleigh, have won most of their games this season and are fighting for the name of being the best in Ulster county. A win over the Pan-Ams is greatly desired by the Sauterites outfit.

### STRONG HARVARD SQUAD TO REPORT FOR FOOTBALL

Cambridge, Mass., July 6 (AP).—Harvard football players coupled scholastic work and athletics to an extent unusually successfully during the past college year and as a result, Henry W. Clark, assistant director of athletics, announced today a strong squad will report to Head Coach Arnold Hovenden when varsity football practice starts on September 16. The Harvard athletic official said that 87 football players, members of last year's varsity, second varsity and freshman squads, were eligible to play next season. This number included 17 ends, 13 tackles, 13 guards, 10 centers, eight quarterbacks and 26 halfbacks.

The football statistics showed that not a single 1928 football letterman was ineligible to play because of studies, a situation which Harvard has not enjoyed for many years.

### Foxx Now Has Average of .410

Chicago, July 6 (AP).—The busiest bat in the American League, operated by Jimmy Foxx, Philadelphia first baseman, was increasingly active and "Connie Mack's" versatile workman and the junior major circuit for the sixth consecutive week with an average of .410, another figure surrounding games of Wednesday reveal.

Foxx lacked five points onto his mark to remain at the top, while Bob Fothergill of Detroit picked up four points, and stayed in second position with a mark of .397. Harry Heilmann, another Tiger, who figures on leading the American League during odd years, climbed into the first ten for the first time of the season with .351.

Other leaders besides Foxx and Fothergill were: Manush, St. Louis, .389; Lazzeri, New York, .372; Simmons, Philadelphia, .367; Cochrane, Philadelphia, .361; Fonseca, Cleveland, .358; Gehring, Detroit, .352; Heilmann, Detroit, .351; Combs, New York, .351.

As a team the Athletics did not hit quite so hard during the week, but remained in the lead with an average of .312, a four-point drop. The Tigers improved by two points to .308, and remained in second position. The Athletics had scored a season total of 275 runs, while holding opponents to 213. The Yankees, due largely to the revival of Babe Ruth's activity, had collected 68 home runs, to 62 for the Athletics.

Although Bob Grove lost his only start of the week he continued to set the pace for pitchers working in turn. The Athletics' southpaw had 12 victories and 2 defeats. His left-handed teammate, Rube Walberg, ranked second with 12 wins and 3 defeats by winning two games. Eddie Rommel worked in two games but failed to alter his season mark which stood at six victories and no defeats.

The Yankees and Washington were tied for the leadership in team fielding with an average of .975. The Athletics, who led last week, dropped to a tie for second with the St. Louis Browns at .974.

### Herman Leads National Hitters

New York, July 6 (AP).—Babe Herman of Brooklyn continues to set the pace for National League batsmen, this time with an average of .386, according to figures released today and including games of last Wednesday. Frank O'Doul of Philadelphia, however, no longer crowds Herman for first place, Bill Terry of New York standing second with .373, with O'Doul in a tie for third with Frank Frisch, St. Louis, each of whom has .363.

Rogers Hornsby of Chicago added 30 points to his average during the week, running his mark to .362, his highest of the season to date.

Other leading regular batsmen are: Stephenson, Chicago, .358; Roush, New York, .352; Hendrick, Brooklyn, .345; L. Waner, Pittsburgh, .344, and Cuyler, Chicago, .343.

Melvin Ott of New York holds the triple honor of leading in home runs with 23, in runs scored with 72 and in runs batted in with 85. His teammate Bill Terry has the greatest total of hits, 112, while Frank Frisch leads with 23 doubles.

Lloyd Waner of Pittsburgh leads in triples with 11, while Kiki Cuyler of Chicago has stolen 23 bases, the best mark in base running to date.

Burleigh Grimes remains in the van of the pitchers, this time with 13 victories against 1 defeat for a margin of .929. He also leads in total innings pitched with 147. Guy Bush, the Chicago ace, has won 10 out of 11 for .909.

The Giants lead in team batting this week with .308, followed by the Pirates, who are hitting .304. The Phillies are right behind with .303, and the Cubs have .295. The Giants also lead in team fielding with .973, one point more than the Cubs.

### SPORT BRIEFS.

The running shoes with which George Simpson, Ohio State star, set a sprint record have been gilded and now are on display at a local club. Their ultimate disposal is in dispute but they seem headed for a museum.

The record for the numbers of bases on balls accorded a player in one game is six. It has happened twice.

The highest price ever paid for a yearling thoroughbred is \$75,000, which went for a Whiskbroom colt as yet unraced.

Brooklyn beat Buffalo 28 to 16 in 1890, the major league game which contains the most runs scored.

Al Espinosa's sister is one of the few women golf professionals in the world.

The largest fight gate on record was for the Turner-Dempsey fight at Chicago, which ran to \$2,650,000.

### Union Hose Beat Cardinals, 15-7

The Union Hose Fire Company team beat the Cardinal A. C., 15-7, at Cordts field, Wednesday night. Although the Cardinals out-hit their opponents 12 to 9, it was not enough to beat the "Fire Laddies." Francis McGowan hurled good ball for Unions while Schabot walked ten of the batters to face him.

The Cardinals would like to book games with the Centrals, Zinna All-Stars, Apollo Winding room, Generals and the Cornell Athletic team of the Industrial League. Managers communicate with Edward Bilyou at the Western Telegraph office from 8 to 4.

### DOHERTY SCORES HIGHEST NUMBER OF POINTS

Denver, Col., July 6 (AP).—The greatest all around athlete in the United States, by Amateur Athletic Union measurements, is Kenneth Doherty of the Cadillac Athletic Club, Detroit.

Doherty, a tall, studious looking fellow, whose slender physique belies the strength and endurance that is his, yesterday scored 7,784.68 points in the decathlon of the annual A. A. U. track and field championships. It was the highest score ever made in the United States for the gruelling competition, lasting almost a full day. The highest number of points previously scored was 7,774.42 by

Falt Elkins of the University of Nebraska in 1927. Doherty's showing closely approached the world's record of 8,053.29 made in 1923 by Paavo Yrjola of Finland.

Doherty, who won the A. A. U. vault, javelin throw, 1,500-meter run and high jump.

## Marketing Trip in July for Women

Three Days in New York Will Give Ulster County Women a Good Opportunity to Learn Many Marketing Problems. Besides Enjoying Nightseeing Trips.

Rural homemakers and home demonstration agents will be members of the group which will spend three days in New York in July to study the wholesale market situation. Since women are taking an increasing part in the business of the farm and are the buyers of the family, this trip has been planned to give them an opportunity to learn by direct observation the marketing problems facing the New York farmer.

Two women from each county home demonstration agents, and some members of the extension staff of the New York State College of Home Economics, have been invited to go on this trip which is being arranged by R. W. Quackenbush of the New York Central Railroad. The program arranged is good proof that the visitors are to have no idle moments, but will see a great many places of unusual interest in their short stay.

Start Early Monday.  
At an early hour on Monday morning, July 22, the group will start for the Pennsylvania Produce Terminal Pier, arriving in time to see the carloads of fruit and vegetables from the south and west unloaded and distributed for the New York markets—an opportunity to learn how fresh produce is selected and packed for the market in other parts of the country. Seven hundred cars are unloaded at the pier in one day.

On leaving the terminal pier the visitors will walk through Washington and adjoining streets to see the methods of handling, selling and distributing products from the commission houses in this territory, and will then go to the Erie Railroad piers to note the handling of various perishable commodities arriving at the pier.

Will Attend Fruit Auction.  
From this point they will go first to the Wallabout Market in Brooklyn where they will see the largest open market in the world, where Long Island farmers sell direct to jobbers, growers and consumers. The Fulton Fish Market will be the next stopping point.

After breakfast they will attend the fruit auction and hear a talk by the manager. They will have an opportunity to compare the handling and selling of eggs from the east with those from the west by visiting both the Atlantic Coast egg producers and the Pacific Coast egg producers. Just before lunch they will visit the Merchants' Cold Storage Refrigerating Plant. At lunch a talk will be given by Dr. A. E. Albrecht of the Department of Agriculture and Markets, and L. F. Champlin of the U. S. Department of Agriculture.

Sightseeing Trip.  
On Tuesday the party will visit the West Side Stock Yards to see the receiving and handling of sheep, hogs, and cattle for slaughter, the Ninth Street Poultry Yards to see shipments of poultry unloaded, the National Biscuit Company and B. Altman and Company where they will be guests of the management for luncheon. During the afternoon there will be a sightseeing trip downtown and through the Holland Tunnels.

On Wednesday there will be a visit to the American Railway Express terminal, the New York Stock Exchange, the United Fruit Company to observe the handling of shipments of bananas, the Federal Reserve Bank, the Dairyman's League Cooperative Association, and the New York Central milk platforms to see the arrival and handling of milk in cans and tank cars. At many of these points short talks will be given to the visitors by officials or members of the faculty of the College of Agriculture.

Any Ulster county women who are interested in this trip and who might plan to go are requested to notify the Home Bureau office at once.

This is a good opportunity for Ulster county women to learn of many of the marketing problems.

## "MR. PIM PASSES BY" AT ELVERHOJ THEATRE

Eric Dressler, famous New York star, will arrive at the Elverhoj Theatre, Milton-on-Hudson, on Monday just as the theatre swings into its fourth week with the Milne comedy, "Mr. Pim Passes By," to begin rehearsals on "Saturday's Children," which will open the fifth week of the season. Mr. Dressler, whose New York contracts have usually required a weekly salary of \$500, is coming to Elverhoj for his vacation. He was seen in New York in leading roles in "Exceeding Small" and "Before You're 25."

"Mr. Pim Passes By" has in the leading role Richard Skinner remembered for his work in the title role in "The Private Secretary." Also featured are Frances Simpson, John Golden's star "Thank You," and Miss Frances Wilson of "The Straw Hat" and "Granite," who in the fall takes over the chair of drama at the University of Kansas. "Mr. Pim" will play every evening at Elverhoj and in the daytime the company will work on rehearsals for "Saturday's Children." This play is probably the most famous comedy of its kind since Frank Craven's "The First Year" swept the country by storm.

Secures Business Position.  
Miss Sarah Kelly of the shorthand and typewriting department of Spencer's Business School, 237-239 Fair street, has secured an advanced position as stenographer, typist and office assistant with the Charles Ramsey Company, manufacturers of piano hardware, Gage street, this city.

## Singing Contest At State Fair

The New York State Agricultural Society is conducting a singing contest at the New York State Fair for members of the Farm Bureau, Home Bureau and Grange.

All contestants must be a member of one of these organizations at least four months prior to September 1. Songs must be confined to those written prior to 1909, and in judging, 60 per cent will be credited for execution and 40 per cent for costume and song. Costumes should be representative of the period in which the song was written or prior to that date.

An accompanist will be furnished or one may bring an accompanist, or play his or her own accompaniment. Prizes amounting to \$400 will be divided evenly among the winners of the solos, duets, trios and quartets; prizes to be awarded at the end of each day.

It is the consensus of various authorities that such a contest will not only be one of the most interesting features of the program to be presented in the Museum building, but that in the preparation for the contest much good will result in creating greater interest in the organization and a more careful study of the songs that were sung prior to 1909 and that will never grow old. Ulster county should capture some of these prizes, so let us begin now and select some songs to sing.

The names of all contestants must be in not later than August 20. Additional information may be obtained at the Home Bureau office at Kingston.

## Market for Fruits And Vegetables

New York, July 6 (AP).—(State Department of Agriculture and Markets.)—Light offerings of upstate New York green peas sold promptly on the local wholesale section this morning at higher prices in a stronger market. Varieties from Madison county jobbed out at \$3.25-\$4 a bushel basket. Erie county consignments brought \$3-\$3.50.

Savory spinach continued scarce and values strengthened further. Sales of homegrown stock were at \$3-\$3.50 a 32-quart crate. However, the flat leaf variety received from the western part of the state was unattractive and sales rarely exceeded \$1 a bushel basket.

Fancy large strawberries met a ready sale and prices were again higher. The supply was moderate and almost exclusively from Oswego county, New York. Quart baskets wholesaled as high as 50c for the very fanciest and as low as 20c on the poorest. Most sales, however, were reported at 25-35c.

The bulk of the Big Boston lettuce was very leafy or otherwise unattractive and in consequence met only a fair sale. Fancy, large, however, was eagerly sought. Crates of 24 heads from upstate sold at 50c-\$2. In a few instances sales were reported as high as \$2.50. A large volume of the lettuce sold at \$1.25-\$1.75.

Hudson valley red currants met a limited outlet in a weak market. The top price obtained for the very best was 14c a basket. Red raspberries were in active demand and values averaged a trifle higher. The finest realized 32c a pint basket.

Cauliflower has begun to arrive sparingly from the Catskill Mountain area. The stock was ordinary in quality and sold at \$1.50-\$2.50 a crate. Washington cauliflower jobbed out at principally \$3. There was a fairly good inquiry for fancy large.

Arrivals of sweet and sour cherries from the Hudson valley were moderate. The market was slightly weaker with trading generally slow.
